## The Woodfield Road Extension Update

The project is ahead of schedule.

As soon as Redeemer's new Woodfield Road parking lot entrance is completed, traffic will be detoured and re-routed through Damascus using the new portion of the Woodfield Road extension.

The contractor will soon begin construction of Redeemer's second new entrance onto Route 27, requiring the contractor to use Redeemer's existing gravel parking area for equipment and sediment control. In the summer parking is light, so losing this area should not affect parking on Sunday mornings. In the fall, we will have a parking team in the parking lot directing traffic.
